**FUNCTION TABLE**

<b>Aloë Vera</b>	Aloë Vera protects the skin against loss of moisture, keeping the skin looking young and feeling soft. It also reduces inflammation and swelling, and enhances recovery from minor burns. It helps to stimulate the healing of superficial wounds, cuts and grazes, and alleviates irritation from insect bites. It contains allantoin, a substance that aids in cell proliferation, so aiding skin regeneration and wound closure.
<b>D-panthenol</b>	For a supple, silky coat, to trace and repair damaged hair, anti-tangle anti-itch and anti-inflammation functions
<b>Mink oil</b>	For a glossy coat, against loss of moisture
<b>Vitamin E</b>	Against free radicals and skin irritations, protects the skin
<b>Silk extracts</b>	For a visible gloss
