

Feeder insects/spiders

beaphar

Feeder insects/spiders. For the breeding and nutrition of feeder insects, Beaphar have two products in their range. The main advantages of these products are that they are hygienic, nutritionally balanced, and the insects cannot drown in them.

Cricket feed
Suitable for:
Crickets and other feeder insects

Usage:
Complete food for the breeding of nutritious feeder insects.

Advantages:

- Contains nutrients, moisture and vitamins.
- Very hygienic.
- Contains the ideal amount of phosphorus and calcium.
- Good to combine with Beaphar Cricket and spider water.

Product data:
Art. no. : 18538
Content : 180 g
Case size : 3
Barcode: 8711231185382

Art. no. : 18539
Content : 360 g
Case size : 3
Barcode : 8711231185399

Cricket and Spider water
Suitable for:
Invertebrates such as spiders, scorpions, crickets and other feeder insects.

Usage:
As a water source for invertebrates.

Advantages:

- Prevents drowning.
- More hygienic than open water.
- Contains calcium.
- Good to combine with Beaphar Cricket feed.

Product data:
Art. no. : 18536
Content : 240 g
Case size : 3
Barcode: 8711231185368

Art. no. : 18537
Content : 480 g
Case size : 3
Barcode : 8711231185375

Pastes

beaphar

Pastes. Beaphar pastes are an important supplement to the usual food of reptiles and amphibians. The insects in the paste are rich in proteins and very tasty. Beaphar pastes are an excellent supplement, without the inconvenience of buying or breeding live insects.

Cricket Paste
Suitable for:
Geckos, chameleons and other reptiles and amphibians.

Usage:
As a supplement.

Advantages:
Soft and delicious.
Easy to use.

Product data:
Art. no. : 18534
Content : 35 g
Case size : 6
Barcode : 8711231185344

Mealworm paste
Suitable for:
Turtles, frogs, salamanders and other amphibians and reptiles.

Usage:
As a supplement.

Advantages:
Soft and delicious.
Rich in animal proteins.

Product data:
Art. no. : 18535
Content : 35 g
Case size : 6
Barcode : 8711231185351

River shrimp paste
Suitable for:
Turtles, amphibians and reptiles.

Usage:
As a supplement.

Advantages:
Soft and delicious.
Fresh.

Product data:
Art. no. : 18532
Content : 35 g
Case size : 6
Barcode : 8711231185320

Grasshopper paste
Suitable for:
Bearded dragons, other reptiles and amphibians

Usage:
As a supplement.

Advantages:
Soft and delicious.
Lifelike.

Product data:
Art. no. : 18533
Content : 35 g
Case size : 6
Barcode : 8711231185337

beaphar

Reptile and amphibian food

beaphar

Beaphar freeze-dried food. The freeze-dried reptile and amphibian food products are perfect for animal lovers who do not wish to feed live insects, or when live insects are not available. The special freeze-drying process retains the original proteins, minerals and vitamins, which means that the freeze-dried insects have the same nutritional value as a living insect. Another advantage is that the freeze-dried insects have better keeping qualities, even after opening.

Bloodworms (freeze-dried)
Suitable for:
Turtles, amphibians and reptiles.

Usage:
As a supplement.

Advantages:

- Rich in essential amino acids.
- Helps avoid growth deformities and reproductive problems.

Product data:
Art. no. : 18521
Content : 18 g
Case size : 3
Barcode : 8711231185214

Crickets (freeze-dried)
Suitable for:
Bearded dragons, chameleons, other reptiles and amphibians.

Usage:
As a supplement.

Advantages:

- Crickets are a good source of calcium and phosphorus.
- Hygienic.

Product data:
Art. no. : 18522
Content : 45 g
Case size : 3
Barcode : 8711231185221

Freeze-dried food

beaphar

Mealworms (freeze-dried)
Suitable for:
Turtles, Frogs,
Salamanders and other
amphibians and reptiles.

Usage:
As a supplement.

Advantages:
• Tasty.
• Valuable source of
amino acids.

Product data:
Art. no. : 18523
Content : 54 g
Case size : 3
Barcode : 8711231185238

Daphnia (freeze-dried)
Suitable for:
Frogs, lizards, salamanders
and other amphibians and
reptiles.

Usage:
As a supplement .

Advantages:
• Very high grade
amino acids.
• Easy to use.

Product data:
Art. no. : 18524
Content : 32 g
Case size : 3
Barcode : 8711231185245

River shrimps (freeze-dried)
Suitable for:
Turtles, amphibians
and reptiles

Usage:
As a supplement.

Advantages:
• Rich in essential
amino acids.
• Helps avoid growth
deformities and
reproductive problems.

Product data:
Art. no. : 18520
Content : 32 g
Case size : 3
Barcode : 8711231185207

Complete food

beaphar

Complete food. Beaphar complete foods are specially formulated to meet the daily nutritional requirements of reptiles. Each extruded pellet contains the necessary proteins, fats, minerals and vitamins for the health of your animal. Particular emphasis is placed upon the correct ratio of calcium to phosphorus, and appropriate levels of Vitamin A and D3, to ensure healthy bone formation.

Bearded dragon junior
Suitable for:
Bearded dragons
less than 30 cm long
(excluding tail).

Usage:
Complete food.

Advantages:
• Contains vitamin D3,
calcium and
phosphorus.
• The size of the pellets
is optimal for smaller
animals.

Product data:
Art. no. : 18525
Content : 120 g
Case size : 3
Barcode : 8711231185252

Bearded dragon adult
Suitable for:
Bearded dragons
over 30 cm long
(excluding tail).

Usage:
Complete food.

Advantages:
• With balanced calcium
and phosphorus to
avoid growth
deformities.
• Very palatable
complete formulation.

Product data:
Art. no. : 18526
Content : 120 g
Case size : 3
Barcode : 8711231185269

Complete food

beaphar

Tortoise junior
Suitable for:
Tortoises up to 30 cm.

Usage:
Complete food.

Advantages:
• With sufficient
Vitamin A and D3
for optimal growth
of the shell.
• The size of the
pellets is ideal for
smaller animals.

Product data:
Art. no. : 18528
Content : 105 g
Case size : 3
Barcode : 8711231185283

Tortoise adult
Suitable for:
Tortoises
over 30 cm long.

Usage:
Complete food.

Advantages:
• With sufficient
Vitamin A and D3
to prevent
'soft shell'.
• Full of vegetable
proteins.

Product data:
Art. no. : 18529
Content : 105 g
Case size : 3
Barcode : 8711231185290

Complete food

beaphar

Iguana junior
Suitable for:
Iguanas up to
30 cm long.
(excluding tail).

Usage:
Complete food.

Advantages:
• With vegetable
proteins, vitamin A
and D3.
• Size of the pellets is
ideal for smaller
iguanas.

Product data:
Art. no. : 18530
Content : 120 g
Case size : 3
Barcode : 8711231185306

Iguana adult
Suitable for:
Iguanas over
30 cm long.
(excluding tail).

Usage:
Complete food.

Advantages:
• With adequate vitamin
A and D3 to avoid
growth deformities.

Product data:
Art. no. : 18531
Content : 120 g
Case size : 3
Barcode: 8711231185313

Aquatic Turtle
Suitable for:
Turtles and terrapins.

Usage:
Complete food.

Advantages:
• With sufficient vitamin
A and D3 for the shell.
• Rich in animal
proteins.

Product data:
Art. no. : 18527
Content : 120 g
Case size : 3
Barcode : 8711231185276
